

Reaction Groups & Reported Suspected Reaction

Reaction Groups

Infections and infestations

Reported Suspected Reaction

- Abdominal infection
- Abdominal wall abscess
- Abscess
- Abscess jaw
- Abscess neck
- Abscess of salivary gland
- Abscess oral
- Acarodermatitis
- Acne pustular
- Acute sinusitis
- Adenoiditis
- Adenopathy syphilitic
- Adenoviral conjunctivitis
- Administration site abscess
- Aerococcus urinae infection
- African trypanosomiasis
- Amniotic cavity infection
- Anal infection
- Appendicitis
- Appendicitis perforated
- Arthritis bacterial
- Arthritis infective
- Arthritis viral
- Arthropod infestation
- Asymptomatic COVID-19
- Atypical pneumonia
- Babesiosis
- Bacteraemia
- Bacterial diarrhoea
- Bacterial infection
- Bacterial sepsis
- Bacterial vaginosis
- Bacteriuria
- Beta haemolytic streptococcal infection
- Biliary sepsis
- Blister infected
- Body tinea
- Borrelia infection
- Breast abscess
- Breast cellulitis
- Bronchiolitis
- Bronchitis
- Bronchitis bacterial
- Bronchopulmonary aspergillosis
- Bursitis infective
- COVID-19**

Number of individual cases by Age Group & Sex, Reporter Group and Outcome

COVID-19
COVID-19 pneumonia

Number of individual cases by Age Group & Sex, Reporter Group and Outcome

Choose a Reaction Group and then a Reported Suspected Reaction to see the number of individual cases identified in EudraVigilance for **COVID-19 VACCINE ASTRAZENECA (CHADOX1 NCOV-19)** (up to 24/04/2021)

Reaction Groups & Reported Suspected Reaction

Reaction Groups

Infections and infestations

Reported Suspected Reaction

- AIDS related complex
- Abdominal sepsis
- Abscess
- Abscess limb
- Abscess neck
- Abscess oral
- Acarodermatitis
- Acquired immunodeficiency syndrome
- Acute sinusitis
- African trypanosomiasis
- Anal abscess
- Anal candidiasis
- Appendicitis
- Appendicitis perforated
- Arthritis bacterial
- Arthritis infective
- Arthritis viral
- Asymptomatic COVID-19
- Atypical pneumonia
- Bacterial infection
- Biliary sepsis
- Body tinea
- Bronchiolitis
- Bronchitis
- Bronchitis viral
- Brucellosis
- COVID-19**
- COVID-19 pneumonia
- Candida infection
- Carbuncle
- Cavernous sinus thrombosis
- Cellulitis
- Cellulitis streptococcal
- Chlamydial infection
- Chronic hepatitis B
- Chronic sinusitis
- Clostridium difficile colitis
- Clostridium difficile infection
- Conjunctivitis
- Conjunctivitis bacterial
- Conjunctivitis viral
- Coronavirus infection
- Cystitis
- Dermatitis infected
- Dermo-hypodermatitis
- Diarrhoea infectious
